Catholic Schools - "Living, Celebrating, and Proclaiming Our Faith"

Principal's Message

Dear Parents and Guardians,

Happy Easter! As we bask in the joy of the Resurrection, I extend warm Easter greetings to you and your families. May this season of renewal bring you peace, hope, and abundant blessings.

April is an exciting month filled with significant events. On the 12th, our Kindergarten students will lead us in a special School Mass, a beautiful opportunity for our community to come together in faith and celebration.

As stewards of our planet, we are mindful that April is Earth Month. On the 22nd, we will show our commitment to environmental awareness by dressing in blue and green for our Spirit Day. Let's embrace this occasion to reflect on the importance of caring for our Earth and preserving its beauty for generations to come.

Furthermore, mark your calendars for Sunday the 28th as we gather for a parish-school Mass to honor our students who are preparing to receive the Sacrament of First Holy Communion. It's a significant milestone in their faith journey, and we look forward to commemorating it together as a community.

As we transition into the unpredictable weather of spring, please ensure your children come to school prepared with appropriate clothing. It's essential that their belongings are labeled with their names to facilitate easy retrieval if misplaced.

Thank you for your continued support and cooperation in making Sacred Heart School a nurturing and vibrant learning environment for our students. Together, let's embrace the spirit of Easter and the opportunities this month brings for growth, unity, and reflection.

Warm regards,

Steffanie Becker B.Ed., M.Ed.

It is with great pride that we acknowledge our work on the unceded, ancestral lands of the Lheidli T'enneh First Nations. We understand that this land was very important for indigenous people who lived on it before us; that this land is still important for indigenous people today. We are grateful that it is on this land that we support and work for our students.
